## MG: Monitoring & Controlling (Order test)

Posted Thu, 2013-03-21 08:36

### **Matching**

Put the following Knowledge Areas in the correct order under the Monitoring & Controlling Process Group

<b>Subquestion</b>	<b>Correct match</b>	<b>Feedback</b>
Monitor and Control Project Work	Step 1	
Perform Integrated Change Control	Step 2	
Control Schedule	Step 5	This is the only entry for the Time Knowledge Area in this Process Group
Control Cost	Step 6	This is the only entry for the Cost Knowledge Area in this Process Group
Perform Quality Control	Step 7	This is the only entry for the Quality Knowledge Area in this Process Group
Report Performance	Step 8	This is the only entry for the Communication Knowledge Area in this Process Group
Monitor and Control Risks	Step 9	This is the only entry for the Risk Knowledge Area in this Process Group (and the only Risk process not in the "Planning" Process Group)
Administer Procurements	Step 10	Recall: Conduct Procurements deals with selecting the vendor, Administer begins once the vendor is under contract
Verify Scope	Step 3	This is one of two processes in this M&C/Scope area
Control Scope	Step 4	This is one of two processes in this M&C/Scope area
