Assessments / Quizzes

The preparation assessments / quizzes are designed to help you evaluate your knowledge readiness. These are <u>NOT</u> sample questions or mock tests from the PMP exam. They are specifically designed to measure your familiarity with the PMBOK material.

Also please note: The material here is centered on the 4th Edition of the PMBOK. If you are reading this after the next edition comes out, caveat emptor. (Also holds true if we're still on the 4th edition, actually....)
